## EDUCATION SESSION

**DR. TERESA LARSEN: PUTTING THE POWER IN POWER POINT, REDUX**

**Here's what you will take away from this intermediate workshop:**

- A review of best practices
- Shortcuts that will save you time creating presentations
- Tips for using color to your advantage
- Ways to incorporate sophisticated features so you look like a pro
- Why a professional speaker should have only one deck

*Plus a bonus section on data visualization (incorporating data and charts into your presentation)*

**Bio:** Dr. Teresa Larsen is an award winning speaker and producer who helps clients all over the world impress and enthrall their audiences. She is a serial entrepreneur who knows the value of presentation skills in business. She has launched multiple ventures, including the nonprofit Foundation for Scientific Literacy, authored a forthcoming handbook for data visualization, and has taught presentation skills at the university graduate level for over 10 years.

**Stomp-The-Prompt sponsor this month: S-Peak Leaders Club**
