Presentation Perfection and Etiquette for All:

- The secrets of Body Language: The way we communicate without speaking
- The Art of Composition: Developing your own sense of Style
- Presentation Etiquette for all situations: Business Meetings, Parties, Presentations, Networking

Chyrese Exline has over 25 years' experience in refining presentations and communications skills. She is a certified Image consultant, makeup artist, and walking coach. Her background also includes extended studies in body language, speech writing, and make-overs or composition. She has worked and has had optimal success with politicians, scholarship and beauty pageant contestants, and entrepreneurs. The mother of the "Soft Skills Workshops" and author of the "Toilet Paper Queen Series", Ms. Exline is also a Toastmaster of 5 years and owns the largest image consulting firm in the mid-west, "The Citadel Image".

Her presentations are highly interactive, so don't expect a long lecture, rather an orchestra of movement and fun.
